Orçun Özteke MBA

AdTech Solutions & Global Client Leadership

Hamburg, Germany · orcunozteke@gmail.com · +49 160 99638687 · German & Turkish

AdTech solutions leader with 10+ years turning complex advertising technology into measurable growth for global brands. As Global Clients Technical Lead at Adform, I sit at the interface of Engineering, Sales, and enterprise clients (BMW Group, Lenovo, LEGO), owning onboardings, global RFPs, and the technical setups behind tracking, identity, and attribution. Earlier, as a Senior National Account Manager at Procter & Gamble, I carried €10M+ P&L and grew organic sales 26% against a 2% target. Mechanical engineer by training, MBA by choice, commercial operator by instinct: equally fluent talking to an engineering team and to a CMO.

CORE CAPABILITIES

- **Solutions architecture:** Ad serving, DMP / DSP / SSP, clean rooms, server-side tagging and pixels, identity and ID resolution, cookie-deprecation-ready 1P / 2P / 3P data strategy, multi-touch attribution and Media Mix Modelling.
- **Global client leadership:** End-to-end ownership of enterprise relationships across EU and global markets; client onboarding, RFP response, and cross-functional delivery with agency partners (Dentsu, Publicis, Assembly); team direction and mentoring.
- **Commercial growth:** Technical-to-revenue translation: needs assessments that cut wasted media spend, financial models that quantify platform value, P&L ownership, and account growth.

PROFESSIONAL EXPERIENCE

Global Clients Technical Lead
07/2023 – Present

Adform Germany GmbH · Hamburg

- Operate at the interface of Engineering, Sales, and global enterprise clients (BMW Group, Lenovo, LEGO), translating product capability into client outcomes and trusted technical, functional, and commercial partnership.
- Own global RFPs and client onboardings end to end, building future-proof technical setups and orchestrating smooth launches across every stakeholder involved.
- Architect client site and tracking infrastructure (clean rooms, third-party ad servers, DMP, DSP, SSP) with user privacy at the forefront; own tagging and pixel implementation so first-party data is activated across channels.
- Prepare brands for third-party cookie deprecation by leveraging 1P, 2P, and 3P data, and design the right multi-touch attribution model to feed annual Marketing / Media Mix Modelling processes.
- Lead complex, multi-team projects: managing risk, prioritisation, and delivery while directing and developing team members toward shared objectives.
- Run value workshops and financial models that quantify the business impact of the in-place tech stack, driving product adoption, reduced media waste, and account growth.

Solutions Consultant / Senior Technical Account Manager
04/2022 – 06/2023

Adform Germany GmbH · Hamburg

- Led technical account management for enterprise clients: scoping integrations, resolving platform issues, and partnering with sales on technical and functional needs assessments.

Senior Solutions Specialist
11/2021 – 03/2022

Adform Germany GmbH · Hamburg

Part-time Associate (MBA Candidate)
01/2020 – 10/2021

pilot Hamburg GmbH & Co. KG · Hamburg

- Built reach and Gross Rating Point (GRP) measurement frameworks and ran ROI and performance analysis across Adform, The Trade Desk, Flashtalking, Nielsen DAR, MOAT, Google Ads, and Meta Business Manager.
- Onboarded new hires on ad-serving, measurement, and pixel mechanics and the relationships between core performance metrics (reach, frequency, viewability, CPP, CTR).

Senior National Account Manager
01/2018 – 09/2019

Procter & Gamble · Istanbul, Turkey

- Owned €10M turnover and €3M trade budget across P&G Fabric & Home Care with Carrefour Turkey, accountable for organic sales, merchandising, and trade digitalisation.
- **Grew organic sales 26% against a 2% target** through portfolio and promotion strategy built around shopper behaviour; lifted display share +6.2pts and shelf share +2.1pts year on year.

Account Manager
09/2015 – 12/2017

Procter & Gamble · Ankara, Turkey

- Managed €5M turnover and €1M budget across four customers in 11 cities; drove the largest customer's P&G value share to an all-time high (+2.5pts YoY).

Earlier: Business Development Intern, Deutsche Bahn Schenker Rail (Berlin) · PEP Intern, Mercedes-Benz / Daimler (Istanbul) · HR Management Consultancy Intern, PwC (Istanbul).

EDUCATION

Master of Business Administration (MBA)
2019 – 2022

Hamburg School of Business Administration (HSBA)

- Major: Digital Marketing & eBusiness. Specialised in third-party cookie deprecation.

B.Sc. Mechanical Engineering
2010 – 2015

Istanbul Technical University · Major: HVAC systems

RECOGNITION & LEADERSHIP

- **Top 0.07% nationally** among 1,350,124 participants in the National University Entrance Exam.
- HSBA Premium Funding Program Scholarship (Hamburg). Board Member, Board of European Students of Technology (BEST). BEST Engineering Competition, Case Study Field Winner (Riga). Volunteer workcamp team leader (Ören, TR / Freiberg, DE).
